

1552 -MANHOLE HOUSING GRAB

The 1552 Manhole housing grab has been designed for multi-function use.

This unit can be used to lift into place both the manhole cover frame (by way of the rubber lined jaws) and then the manhole cover its self using a simple "key" lift system.

Item Code	SWL (Kg)	Effective Jaw Width (mm)	Weight (kg)
1552.1	200	750-785	50
