

## 1568-ANGULAR GRAB

The angular grab has been designed to lift precast concrete units which would offset the lift with normal grabs. Supplied to capacities of either 1000Kg or 3000Kg this grab is able to cope with most requirements

Item Code	SWL (Kg)	Opening Width (mm)	Weight (kg)
1568.1	1000	15-245	59
1568.2	3000	100-300	180
